

Evo 10W

Recessed Dimmable LED Downlight Luminaire

The Evo 10W is a fully dimmable energy efficient 10w IP44 recessed LED downlight luminaire with an opal acrylic lens using high brightness SMD 2835 LEDs giving high luminous efficacy with minimal energy consumption and excellent thermal performance.

**Ceiling Cutout
90mm**

Features

- Housing - Polyphenylene
- Trim Ring – Matt White
- Lens - Opal acrylic
- Light Source – SMD 2835 LEDs
- Colour Temperature – Available in 3000k, 4000k, 5000k and 6000k
- Beam Angle – 90° wide beam
- CRI - >80
- Lamp Life - 50,000 hrs average
- IP Rating - IP44
- Heat Sink - Aluminium
- Driver - Internal to the luminaire with a 0.8 metre flex and plug
- Compliance - CE, ROHS, SAA, IC-F
- Power Factor – >0.9
- Dimmable - Yes, we recommend the LED Smart Dimmer
- Warranty - 3 year replacement warranty

Installation Instructions

PLEASE READ THESE INSTRUCTIONS CAREFULLY BEFORE INSTALLATION OF THE PRODUCT

- 1 Cut out a 90mm diameter hole in the ceiling.
- 2 Ensure power supply is disconnected at the mains before initiating installation of the Luminaire. Once the mains power has been turned off make the electrical connection to the power supply.
- 3 Lift and hold the mounting springs on both sides of the luminaire and pass the luminaire through the aperture. With the springs now up in the void, gently allow the springs to release, the luminaire should then hold itself flush to the ceiling surface.
- 4 Mains power supply can now be reconnected.

IT IS RECOMMENDED THAT THESE LUMINAIRES BE INSTALLED AND FITTED BY A LICENSED ELECTRICIAN IN ACCORDANCE WITH CURRENT WIRING REGULATIONS
