

Razor Silver 13W

Recessed Dimmable LED Downlight Luminaire

Energy efficient 13W recessed adjustable LED downlight luminaire using a high performance single point Citizen COB LED chip fixed behind a satin silver trim ring with a silver inner ring with a 15° inner tilt and an anti glare PMMA optical reflector system that provides a 60 degree beam angle making it the perfect alternative to 50w FNV halogen lamps.

With minimal energy consumption and excellent thermal performance it can allow savings of up to 80% over conventional Halogen and CFL downlights.

**Ceiling Cutout
70mm**

Features

- Reflector - Parabolic profile with PMMA optics
- Trim Ring - Cast aluminium finished in satin silver
- Light Source - Citizen Cob LED
- Colour Temperature - Available in 3000k and 4000k
- Beam Angle - 60° wide beam
- CRI - >80
- Lamp Life - 50,000 hours average
- IP Rating - IP20
- Passive cooling heat sink to maintain low LED operating temperatures
