

Torrez 21W

Recessed Dimmable LED Downlight Luminaire

Energy efficient 21w IP44 recessed LED downlight luminaire using a high performance single point Citizen COB LED chip with a faceted optical reflector system that provides a 60 degree beam angle.

With a high lumen output, minimal energy consumption and excellent thermal performance it can allow savings of up to 80% over conventional halogen and CFL downlights and is ideal for both residential and commercial applications.

**Ceiling Cutout
125mm**

Features

- Reflector - Faceted satin finish
- Trim Ring – Cast aluminium finished in satin white polyester powder coat
- Lens - Clear glass
- Light Source – Citizen Cob
- Colour Temperature – Available in 3000k and 4000k
- Beam Angle – 60° wide beam
- CRI - >80
- Lamp Life - 50,000 hrs average
- Passive cooling heat sink to maintain low LED operating temperatures
- Constant current LED driver remote with 1.2 metre flex and plug
- Power Factor – >0.9
- Dimmable - Yes

Applications

Ideal for both residential and commercial applications such as houses, apartments, lobbies, foyers, retail outlets, restaurants, etc.

Product No.	System Power	Colour Temp	Dimensions	Luminous Flux	Luminaire Efficacy
CLD 995-021 - 3K	21W	3000k	145mm x 70mm	1740 lm	83 lm/w
CLD 995-021 - 4K	21W	4000k	145mm x 70mm	1785 lm	85 lm/w

Weight: 0.4kg
