Robust solutions

EmotronDirect offers only the highest quality products from highly reputable manufacturers, including Emotron, LSIS (LG), Hammond Power Solutions (HPS), TCI, and H2flow Controls. Many of our products come with a 2-year standard warranty.

We're here to help!

Our technical support team is composed of individuals that are familiar with the ins-and-outs of the products we supply. With this knowledge, they are able to troubleshoot almost any problem that a user may experience.

Pre-sale and post-sale technical support is available both by phone or via e-mail.

Unlock the savings

Quality has never been so affordable! At EmotronDirect, you're dealing directly with the manufacturer, meaning we pass the savings onto you. Customers receive the highest quality products at the lowest possible prices.

A range of product options

We offer a wide range of products - almost 1,200 in fact! These include AC Drives, Soft Starters, Power Monitors, Transformers, Circuit Breakers, Contactors, and more - all in a multitude of horsepower, voltages and enclosure types.

Find everything you need

EmotronDirect features a user-friendly interface that allows you to find everything you need, quickly and easily.

A selection menu appears within each product category, allowing you to quickly narrow your search criteria by Horsepower, Voltage, Full-Load-Amps, Enclosure Type, Price, and more!

Above: Our team has over 35 years of expertise in the Water & Wastewater industries. Let us help you find the right solution for your application.

Our product portfolio

AC DRIVES

EMOTRON AC DRIVES

A drive for every application

Models	FDU, VFX, VS, FlowDrive
Rated power	0.33 - 250 HP
Supply voltage	230V & 460V, 1/3-phase
Protection class	NEMA0, NEMA 1, NEMA 12
Approvals	UL, cUL, CE, EAC, DNV

As low as: \$167.00

SOFT STARTERS

EMOTRON SOFT STARTERS

Optimized starts & smooth stops

Models	MSF, VSA
Rated power	3 - 450 HP
Supply voltage	230V & 460V, 3-phase
Protection class	NEMA 0
Approvals	CE, UL, DNV, GOST R

As low as: \$549.00

SHAFT POWER MONITORS

EMOTRON POWER MONITORS

Reducing maintenance costs

Models	M20, DCM
Supply voltage	100-240V, 380-500V, 525-690V
Protection class	NEMA 0
Approvals	CE, UL, cUL

As low as: \$755.00

CIRCUIT BREAKERS

LSIS SUSOL MCCBs

Smart power distribution

Current rating	15A - 1500A
kA ratings	25kA, 35kA, 50kA, 65kA, 100kA
Poles	2-Pole, 3-Pole
Protection classes	NEMA 1 / 12 / 3 / 3R / 4X

As low as: \$154.05

CONTACTORS

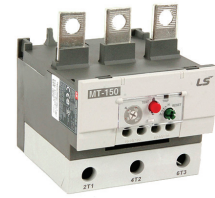

LSIS METASOL CONTACTORS

AC coil, screw & lug-type contactors

Current rating	9A - 800A
Terminal types	screw type, lug type
Auxiliary contacts	1NO 1NC, 2NO 2NC

As low as: \$17.38

OVERLOAD RELAYS

LSIS METASOL O/L RELAYS

Thermal overload relays

Current rating	0.1A - 800A
Tripping class	10, 20
Terminal types	screw type, lug type

As low as: \$23.80

LINE & LOAD REACTORS

TCI KDR LINE & LOAD REACTORS

Extend the life of the motor

Horsepower	0.5 - 1000 HP
Enclosure types	open, UL type 1, UL type 3R
Voltage	230V, 480V; 3-phase

As low as: \$70.80

TRANSFORMERS

HPS TRANSFORMERS

Power to perform

Models	Imperator, Spartan, Fusion
VA rating	50A - 5000VA
Primary voltage	240/480V, 480/240V
Secondary voltage	120/240V, 120/25V
Output amps	0.42/0.21A - 41.7/20.8A

As low as: \$21.90

BYPASS PANELS

EMOTRONDIRECT BYPASS PANELS

Quality. Straight from the source!

Horsepower	3 - 350 HP
Voltage	208V, 230V, 460V
Enclosure type	NEMA 4, NEMA 12
Approvals	UL

As low as: \$1,234.22

What we're doing in **your industry**

We provide smart solutions to users, operators, system integrators and OEMs around the world, wherever there are demanding applications. We create robust, reliable and flexible solutions - resulting in lower operating costs and a longer service life.

Water & waste water handling

Typical pump application where we ensure energy efficiency and less maintenance

Up to 30% energy savings

with our Emotron FlowDrive for Lift Stations

Power plant

Our dedicated drives are easy to use and ensure energy efficiency

About 50% energy savings

in pump applications

Building automation heating & ventilation

Energy efficiency with our compact bookcase drive type products.

Crane

Ensures safe and cost-efficient operation of cranes. High uptime and a longer service interval.

Marine

Ensures safe, smooth and cost-efficient operation of electrically powered equipment on board

About 50% energy savings

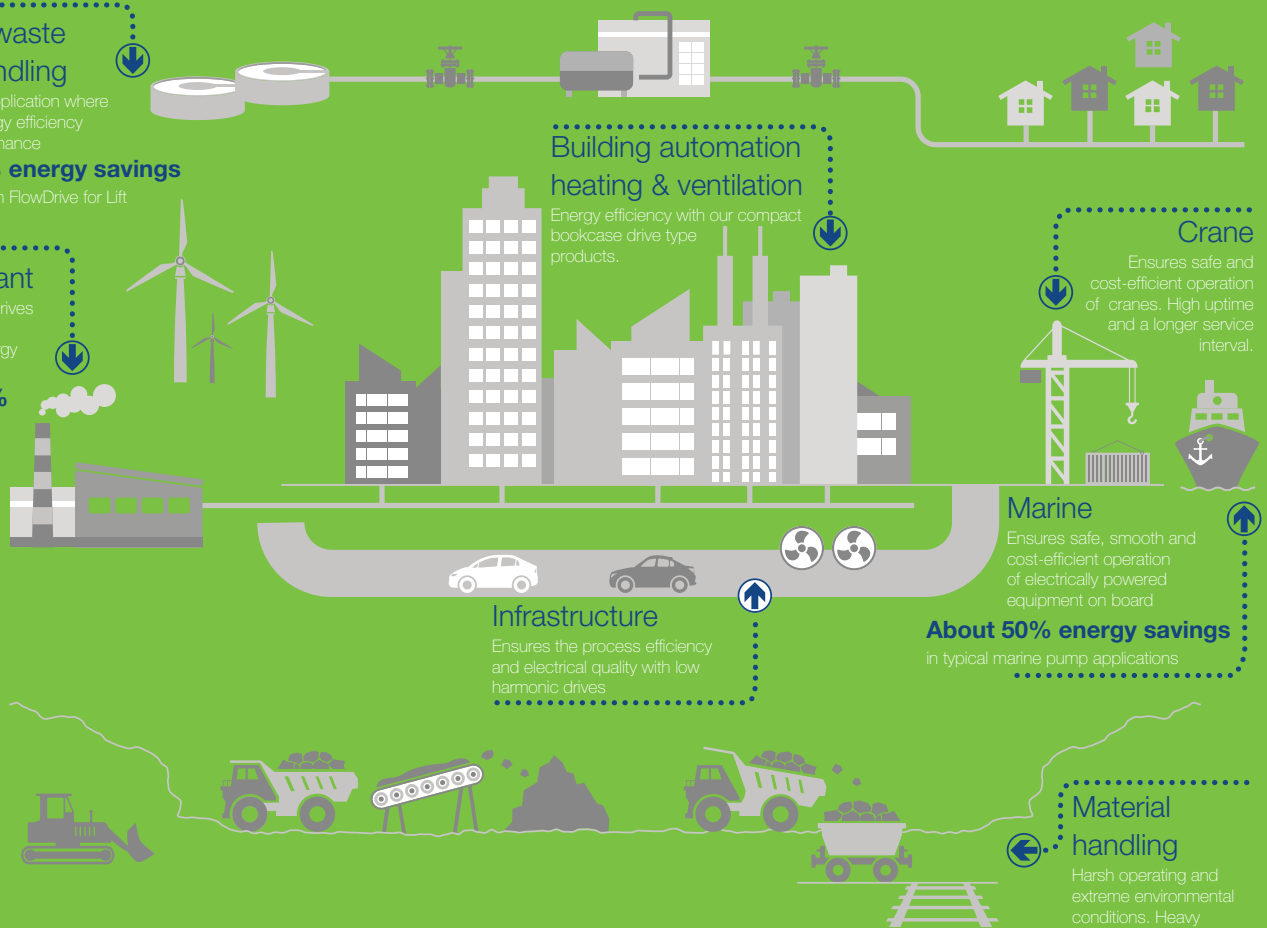

in typical marine pump applications

Infrastructure

Ensures the process efficiency and electrical quality with low harmonic drives

Material handling

Harsh operating and extreme environmental conditions. Heavy loads. You can rely on our robust products, being easy to use and providing maximum uptime.
