HOW TO CHARGE?

Although the headphones come with a partially charged battery, it is recommended that you fully charge your BHS-950 before first use.

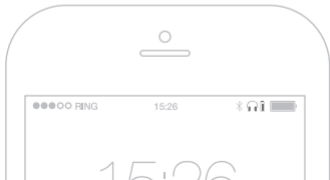

Open the charging port cover with your fingernail and connect the USB charging cable. The LED indicator will turn RED while charging. When the LED turns Blue, the headset is fully charged. This takes less than 2h.

HOW TO CHECK THE BATTERY LEVEL?

Every time you turn the headphones on, you will hear the battery status notification. If the headphones are already turned on, you can trigger the battery status notification manually by briefly pressing “+” and “-” at the same time.

On iOS and some Android devices, you will be able to see the battery level of the headphones in the phone's status bar at the top.

HOW TO CONNECT?

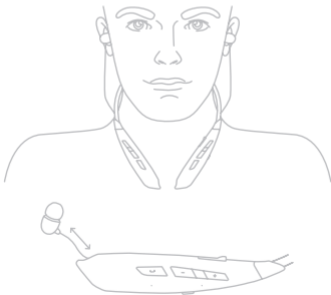

Slide the Power Switch to ON position to turn the headset On. As soon as you hear the „Power On“ message, go to the Bluetooth menu of your phone. Search for new Bluetooth devices and select „BHS-950“. If something doesn't work, try turning your phone's Bluetooth off and on again.

HOW TO WEAR THE HEADPHONES CORRECTLY?

Place the headphones around your neck and gently pull out the two earbuds. Insert the earbuds into your ears and turn the headset on with the switch on the left side.

To retract the earbuds, gently pull them out a little and let them slide back in.

HOW TO MAKE THEM FIT?

Make sure you hear the great HD Sound of your BHS-950. Everyone's ears are different, be sure to try all sizes of eartips to find the perfect one for you. You will enjoy a great fit and premium sound quality with the right size of eartips.

You find 3 different sizes of Silicon Tips and one pair of Comply™ Premium Earphone Tips* in the box.
