

# Quick Fit Instructions | SoleRelief Trimmable Arch Support Insoles

- 1** *Remove the original insoles of your shoes if possible.*

- 2** *Use a pair of scissors to trim the top of the insole to fit your shoes if necessary (use the markings as a guide).*

- 3** *Loosen up your shoes and place the insoles inside. Put your feet in and then tighten the laces for a secure fit.*

## Useful Tips

- These inserts can be worn throughout the entire day.
- To clean the inserts, rinse a cloth in warm soapy water and wipe down the inserts, then allow them to dry naturally.
