

## RACER SUPPORT PROGRAM

---

### How to Use TireStacks.com:

- To see tire prices on the website, you must first create an account on TireStacks.com and select the club/event/series you will be participating in. (Select all that apply)
- Our site is designed to save you the most money on tires when buying *by the pallet load* (24tires/pallet). We will have group carts and multiple payment options so you can team up with other drivers to create a pallet order if you're not able to purchase your own pallet. We will also offer ground shipping for less than pallet load orders, but shipping costs will be much more expensive. If you plan on drifting more than a few events per year, do yourself a favor and order a pallet! Use the tire savings to register for more events!

### Shipping:

- You can have the tires shipped to your home, business, and some select racetracks!
- We will be working with many drift clubs throughout the USA to setup ship dates for track delivery. You will be notified of these dates and deadlines via email if you have selected a participating track during registration.
- Most orders will ship within 2-3 business days unless you have requested a specific ship date. You will need to be able to be present for the tire delivery, the freight carrier will not leave a pallet without a signature.
- At this time all shipping quotes will be handled via email until our developers finish their integration, once ready you will be able to see exact shipping rates at checkout. (\$150 estimated rate will be applied at checkout)

### Social Media:

- We kindly ask of all our racers to please fly our flag as we work hard to keep this program going!
- Instagram/Facebook/Twitter tags (@tirestacks & #tirestacks) (@valinotiresusa & #valino)
- Pallet orders with the code will be shipped with 2 x VALINO decals for you to place on your vehicle.

### TIRE DEALS:

- All pallet orders will receive an automatic 5% discount on the website once you are registered.
- USE PROMO CODE: **INDYVALINO** to receive \$100 OFF your pallet freight charges!
