

The Dynasty® PAR Series LED Lamps are designed specifically as an energy-saving alternative for traditional halogen PAR lamps, making them ideal for general lighting. Designed for a 110 or 220 VAC, 50 to 60Hz universal power system, they can be installed into any standard E26 (medium) socket. The lamps are corrosion resistant, designed for indoor and outdoor applications. Each lamp is made with high power LEDs, which result in saving energy and creating high lumen output. The hour lifetime is 35,000 and a four year warranty per lamp means less maintenance and headaches for those lamps that are difficult to reach. Available in 3200K and 4500K. For more Dynasty lighting products, Look for the Butterfly!

## APPLICATIONS

- Track lighting
- Recessed lighting
- Commercial lighting
- Residential lighting
- Retail displays

## BENEFITS

- Energy efficient
- 4 year warranty
- Environmentally safe, RoHS compliant
- Low carbon footprint

## FEATURES

- 35,000 hour lifetime
- Replaces halogen lamps
- Vibration resistant
- Dimmable

PAR SERIES

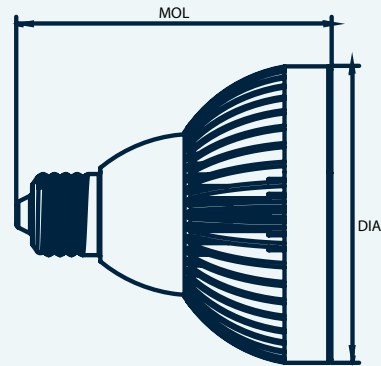

Product #	Description	Beam Type	Power Factor	Base	Dimming	Volts	Watts	Lumen Output	CCT	CRI	Case Qty.	Warranty (Years)
