# NOT ALL COMPOSITE DECKING IS THE SAME WHAT MAKES US UNIQUE?

## COMPRESS TECHNOLOGY™

All our boards are compression molded, not extruded. We are the only composite decking manufacturer that can say that. This proprietary process uses tremendous heat and pressure to squeeze out air pockets – bonding the cap and core together and creating the deep grain we're known for.

## EVERGRAIN CORE™

The core of all our boards is built on EverGrain – decking that has been around for more than 20 years and is trusted in high-traffic and harsh weather landmarks across the United States.

## UNMATCHED BEAUTY & STYLE

We developed this recipe to give our decking a truly unique appearance unlike anything else on the market. With deep non-repeating grains and distinct colors throughout each board, every deck replicates the unique beauty found in nature.

**STRONG**  
cap-to-core  
bond to resist  
delamination

**SPLINTER**  
free

**RESISTANT**  
to splitting,  
insects, and rot

**DEEP**  
non-repeating  
grains

**UNIQUE**  
variegated color  
means no board  
is the same

LUXURY DECKING

# Envision<sup>®</sup>

DISTINCTION

## EXCEPTIONAL BEAUTY

*Truly set your deck apart with the rich colors and bold highlights of our Distinction Collection. Designed to emulate the textures and natural color variations found in exotic wood, building your deck with Distinction ensures it will be the star of the neighborhood.*

CHOOSE FROM 4 BEAUTIFUL HUES

GREY WOOD

CHOOSE FROM 3  
CLASSIC COLORS

Available in 12', 16', or 20' lengths  
\*Also available in 2x6 square profile  
\*Companion skirting available in all colors

CRAFTED WITH OUR PROPRIETARY COMPRESSION MOLDING PROCESS, EVERGRAIN HAS BEEN TRUSTED ON HOMES, COMMERCIAL PROPERTIES, AND PUBLIC PLACES FOR MORE THAN 20 YEARS.

Colors will usually weather to a lighter shade within the first several months of exposure to the environment.

BOARD PROFILES

\*only available in 1 x 6

ENDURING BEAUTY

*EverGrain sets the standard in composite decking with its deep-grain and solid color options. Featuring timeless textures and a pronounced pattern, this uncapped board captures the essence of natural wood.*

FASTENERS

## EVERCLIP<sup>®</sup> HIDDEN FASTENER

- Designed for grooved edge composite deck boards.
- Creates consistent spacing between boards and no visible screw heads.
- Helps prevent board creep and movement.
- Allows for quick installation of two board edges at one time.

## COMPOSITE DECK SCREWS

- Designed to face screw square edge composite deck boards.
- Screw heads are color matched to your Envision deck boards.
- Available in coated carbon steel and stainless steel.

RAILING

# TAM-RAIL®

RAILING SYSTEMS

BALL POST CAP

NEW ENGLAND POST CAP

PYRAMID POST CAP

## COLORCAST® POST CAPS

Available in 36" and 42" rail height and 6', 8', and 10' sections.

New England Post Cap

NO METAL INSERTS IN THE 6' OR 8' SECTIONS MAKE TAM-RAIL LIGHT IN WEIGHT AND EASY TO CUT AND INSTALL — NO SPECIAL TOOLS ARE NEEDED.

Backed by our 25-year residential and commercial limited warranty, and an industry-leading 5-year full start period.

RESIDENTIAL | MULTI-FAMILY | COMMERCIAL

*With its patented triple-layer construction, the TAM-RAIL system creates code-approved strength with no metal inserts. When you add its convenient kit packaging for simple installation, you have an easy choice for outstanding railing performance.*

- 1** Interior layer is a protective, sturdy base formulated for impact resistance.
- 2** Middle layer is an innovative composite wood and foam core that adds stiffness.
- 3** Outer layer is made from durable cap stock for an attractive look that is weather resistant and low maintenance.

# GO BEYOND THE DECK.

Our decking can be used in a multitude of applications beyond a traditional deck. How will you create your dream outdoor space?
