**Note:** Vintage Yellow pine heartwood expresses spectacular markings and grain patterns unseen in new growth wood. Each table is a celebration of authenticity and uniquely one of a kind. Our reclaimed planks include distinctive nicks, splits, cracks, knots, and imperfections that speak to the wood's age and provenance; the wood will continue to change over time as it interacts with its home environment. By its nature, unsealed reclaimed wood may be somewhat uneven and may develop small cracks and cup or bow over time due to changes in temperature or humidity. We believe this only enhances the table's rustic, unique character.
