

NICKEY ✧ KEHOE

FABRIC & WOOD GUIDE

Each Nickey Kehoe Collection piece is produced one of one with exacting standards by California based craftspeople. We encourage you obtain a swatch sample for most accurate reference as wood finish, fabric and overall coloration may vary due to the uniqueness of the device they are viewed upon.

Due to the natural properties of solid wood, you may notice slight differences from piece to piece and between samples received. We believe these unique characteristics are a beautiful representation of our bespoke artisan craft and will age with great integrity when cared for appropriately. Our complete wood care guide may be accessed on our website.
