### NK STUDIO PIECES & NEW FABRICS

When viewing color or fabric samples, please appreciate a sample is meant to reflect a typical color and tone; your piece of upholstery may differ slightly due to variations in color; weave, and dye-lot of the individual fabric run. Some variation in color tone is unavoidable and an exact match to our photography or samples is not guaranteed.

We do not typically scotch-guard our upholstery; please enquire if you wish to request this added service.

We utilize high-density 18/18 foam for all of our upholstered pieces; much of our upholstered furniture includes ethically-sourced 25/75 down/feather wraps, whenever possible. We do not recommend using interior furniture pieces outside.

## VINTAGE

Please keep in mind that when buying items featuring vintage fabrics they are wont to require extra care due to the vulnerabilities that come with age, albeit the added inherent beauty. Most vintage fabrics will show signs of wear. We do our best to photograph and explain the condition of the item as best we can. If you have any questions about a particular item please email us (see contact page).

Vintage fabrics are never scotch-guarded.

## OUTDOOR CARE INSTRUCTIONS

Our outdoor furniture line features high-density foam core wrapped in hypoallergenic gel fiber for a down-like feel that can withstand nature's elements.

Please follow care instructions for your furniture piece.

Our studio is available for any questions you may have.
