LIBRARY ARM CHAIR OTTOMAN

26.5" W x 26.5" D x 13" H

Shown In Holland & Sherry Camel Corduroy

A true heirloom piece. Delightfully feminine as much as it is masculine, this distinct take on a traditional roll armchair ottoman imposes great presence with a modest footprint. Smoothly upholstered and gently scooped to balance the button tufting of its well-read counterpart, the Library Armchair, this handsome ottoman is incredibly specified to the smallest detail.
