ULYSSES LOW SEAT KIT

GENERAL

Kit Number

51901-06YA and 51908-06YA

Models

These kits fit 2006 and later XB12X model motorcycles.

Kit Contents

Table 1. Kit Contents

Description (Quantity)	Part Number
Seat	Not Sold Separately
ECM block	Not Sold Separately
Socket head cap screw	3601
Nylon locknut	94026-92T

INSTALLATION

- Refer to the appropriate Owner's Manual and remove the stock seat.
- 2. See Figure 2. If an ECM block (1) is already installed on the motorcycle, discard the ECM block, screw and nut included in this kit and proceed to Step 5.
- 3. See Figure 1. Remove the forward ECM mounting screw (1) and nut (2).
- 4. See Figure 2. Install the socket head screw, nylon locknut and ECM block (1) from the kit in the location of the removed screw. Tighten screw to 4–6.8 N⋅m (36–60 in-lbs).

A WARNING

After installing seat, pull upward on seat to be sure it is locked in position. While riding, a loose seat can shift causing loss of control, which could result in death or serious injury. (00070b)

5. Refer to the appropriate Owner's Manual and install the new seat in the same manner as the stock seat.
