Description (Quantity)	Part Number
Lanyard	Not Sold Separately
Washer (4)	Not Sold Separately
Pop Rivet (2)	Not Sold Separately

There are no Service Parts available with this kit.

## **INSTALLATION**

### NOTE

If using a grinding tool to cut rivet heads, use care not to damage surface of side case. Continuous grinding will cause the rivet to heat up which may damage the side case. If you select to use a grinding tool, we recommend that you slowly grind the head off to prevent excessive heat build up.

- 1. See Figure 1. Use grinding tool or appropriate cutting tool to remove existing rivets (1) from side case.
- Remove existing washers (2) and lanyard (3) from side case.
- 3. Using soapy water, clean the surface where the new parts will be installed.
- 4. Allow the surface to dry completely before continuing.
- 5. See Figure 2. Place washers (1) and lanyard (2) onto pop rivet (3).
- 6. Using rivet tool, install rivet, washers, and lanyard on side case.
- 7. Repeats Step 5 and 6 for other mounting location.
