BUELL XB AIRBOX COVER KIT

General

This kit is designed to fit 2002 and later Buell XB Model Motorcycles.

This kit consists of the following:

Qty	Description	Part Number
1	Cover, airbox trim	Not sold
1	Template	Not sold

NOTE

A Service Manual for your motorcycle is available at your Buell Dealer.

Installation

1. Using isopropyl alcohol, thoroughly clean the airbox where the airbox cover will be mounted (portion of airbox facing the seat). Let dry completely.
2. Obtain the template from kit and remove the paper backing.
3. See Figure 1. Carefully center the template on the airbox with bottom edge of template parallel (Even) with bottom edge of airbox. Remove the inner portion of the template leaving the outer portion attached to airbox as shown.

NOTE

Allow 24 hours for the adhesive to fully cure. Do **NOT** try to reposition or re-align cover during this time.

4. See Figure 2. Remove the plastic adhesive backing from the airbox cover. Carefully align the airbox cover with the template and press cover firmly into place on airbox. Apply firm pressure from middle (working outward) to edges for approximately 2 to 3 minutes.
5. Carefully remove template from the airbox.
