

## Before you Start ...The 'Read This' File

### Important!

Please check your printer settings! Select "Actual" Size.

"Fit" will cause the pieces to print too small. Do this for both the Letter and A4 paper sizes.

**IMPORTANT - Make sure your printer page size is set to print "Actual" or "Custom Size 100%". Pages are designed in Portrait Orientation. Please do not print "In Fit to Page" mode as that setting will result in a small pattern and a finished hat that is about one size smaller than you expected.**

Print the first page of the supplement neckwarmer set that has the measure lines to check the printer accuracy. For this pattern the measuring lines are on page 1 of the pattern set. One line is 10 cm long. One line is 5 inches long.

**You will need to print the pattern for the Hoodie Scarf as well as this design uses the Hood and Hood Trim pattern pieces from the Hoodie Scarf pattern.**

If the lines measure up, you are good to print the full pattern!

Your printer output is set correctly for this pattern. Settings needed are for the pages to print in Actual Size or Custom Size, 100%.

Now you can go ahead and print all of the pages of the pattern set.

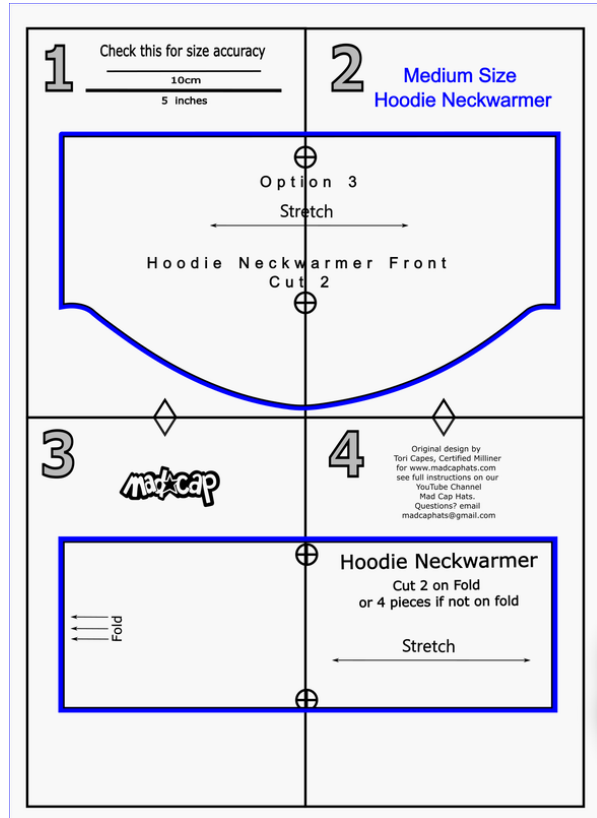

You can choose to print in black and white, greyscale or color.

Save on your computer and reprint as needed. Works for Letter or A4 paper.

Fold or trim to the edges of the black border boxes on each page to match circles and diamonds of adjoining pages. Tape or glue this paper pattern together before cutting your fabric. Save on your computer and reprint as needed. This complimentary pattern is our Size medium ( average woman 22.5 "/57.5-58 cm). We recommend using a good quality Polar Fleece Fabric to make the Hoodie Neckwarmer. IT has been designed for fleece. Use a fleece that has a velour pill resistant finish especially for the lining piece. Seam width is 3/8" built into the black outline while the outside edge of the blue shadow will increase your seam width to 1/2" or 12-13 mm.

# Assembling the Pattern Pieces for the Winter Hoodie Neckwarmer

Trim or fold to black boxes inside each page and assemble to your pattern resembles the photo above. Match circle halves together. The pattern set is two rows of two pages for a total of four pages for the two pieces.

There are 3 finishing options for tightening the fit. The 3rd option uses the pattern piece that has a bandana shape and is my personal favorite!  
**The instructions for making the Hoodie Neckwarmer are in the step by step tutorial on the Mad Cap Hats YouTube Channel.**

**The Video is located at this address - <https://youtu.be/xbN-2rILw2M>**

**There will be a full version of this pattern in 5 head sizes. The full pattern will also include files for cutting with a projector.**

mad★cap

- Option 1 - Cut 4 Pieces**
- Option 2 - Cut 2 Pieces on the Fold**
- Option 3 - Cut 2 Pieces**

Note - 3/8" or 1 cm seam allowance is built into the black outline of each piece. To increase the seam allowance to 1/2" or 1.25 cm, cut to outside edge of the blue outline. Download and print the Hoodie Scarf pattern set for the Hood and Hood Trim pieces. Follow instructions - <https://youtu.be/xbN-2rILw2M>
