Management Changes at IBI Scientific

Dubuque, Iowa-September 10, 2021- IBI Scientific, a leading global manufacturer and provider of life science research solutions, announced today that Patrick L Mueller will be named President. John C Stork, who has been President for the last 17 years, will continue as a consultant at IBI Scientific.

Patrick Mueller, who has been the Co-owner and the Vice President of Production, Marketing and Sales at IBI for the past 17 years, brings a wealth of experience into this role. He is looking forward to using his expertise and skills to grow the domestic and international business at IBI Scientific.

Patrick Mueller's duties as President of IBI Scientific will commence on October 1, 2021.

Katie M Killion will be promoted to the Director of Marketing and Sales at IBI Scientific effective October 1, 2021. Since Katie joined IBI Scientific in 2018 as the Marketing and Sales Manager, online sales have grown by over 150%. This promotion recognizes the contributions Katie has made and will continue to make to the company.
