

**pharmakeia hasn't been discerned**

**in the people of God Almighty**

*“Babel is to be dealt with, along with those who partake in the wrath of her fornication. Babel has deceived the nations through sorcery, also known as pharmakeia. The merchants and Kings have lived deliciously with Babel, enjoying life in the things that she does, such as: material things; the food; the ointments; the fragrances; the clothes. She has put pharmakeia in these things and the saints are involved in it. This is the deception.*

*Clean and unclean things is noted, but pharmakeia hasn't been discerned in the people of God Almighty.*

*The Torah is the ruler by which the saints are to live their life, and it is a hard ruler - it cannot be bent - it is without chemicals. It is not bendable because YeHoVaH is a just God and he is not partial. Father says he has not made corn, on the cob that is, nor the products of it. This is an abomination - Put it down Israel: Corn starch; pop corn; corn chips; corn meal; corn oil. Put it down!*

*These are perversions, he has not created it.*

*The saints criticise those who add to and take away from Torah, but they don't look at the beam in their own eye, that adds to it when they commit fornication with Babel, as they go to doctors and take her meds. They redefine the definition of pharmakeia as only meds being under the influence, not realising Babel concocted this system. I don't share my glory says the Most High, nor do I go against my word. Did I not say that I am Israel's healer? Then why do people claim me with their lips but with their actions they partake in pharmakeia.*

*My Torah is not pharmakeia. Food is medicine. So ask yourself this, if food is medicine, then what you call medicine is that your food? Should they not be one and the same? I did not give you counsel to take meds. There are no other guidelines except Torah, across the board. When you add food colouring and chemicals to your ingredients, to your food, is it still food Israel? Food plus something added, is not food. You've added chemicals to your food, take medicine and decide which is good, and I have not told you to do this. The chemicals are in your food, your clothes, your ointments, your fragrances and even in your temples which I'm supposed to dwell in.*

*This is the deception that has gone forth from Babel, and now the Most High is telling you all to repent, the time has come for Babel to be dealt with. Judgement is coming and all who are partaking in the wrath of her fornication will share in her judgement. Come out of her my people - Says the Most High God, and no longer partake in her sins.”*

## Revelation 18:1

*1 And after these things I saw another angel come down from heaven, having great power; and the earth was lightened with his glory.*

*2 And he cried mightily with a strong voice, saying, **Babylon** (Babel) the great is fallen, is fallen, and is become the habitation of devils, and the hold of every foul spirit, and a cage of every unclean and hateful bird.*

*3 For all nations have drunk of the wine of the wrath of her fornication, and the kings of the earth have committed fornication with her, and the merchants of the earth are waxed rich through the abundance of her delicacies.*

*4 And I heard another voice from heaven, saying,*  
**Come out of her, my people, that ye be not partakers of her sins, and that ye receive not of her plagues.**

*5 For her sins have reached unto heaven, and God hath remembered her iniquities.*

*6 Reward her even as she rewarded you, and double unto her double according to her works: in the cup which she hath filled fill to her double.*

*7 How much she hath glorified herself, and lived deliciously, so much torment and sorrow give her: for she saith in her heart, I sit a queen, and am no widow, and shall see no sorrow.*

**8 Therefore shall her plagues come in one day, death, and mourning, and famine; and she shall be utterly burned with fire: for strong is the Lord God who judgeth her.**

*9 And the kings of the earth, who have committed fornication and lived deliciously with her, shall bewail her, and lament for her, when they shall see the smoke of her burning,*

*10 Standing afar off for the fear of her torment, saying, Alas, alas that great city Babylon, that mighty city! for in one hour is thy judgment come.*

*11 And the merchants of the earth shall weep and mourn over her; for no man buyeth their merchandise any more:*

*12 The merchandise of gold, and silver, and precious stones, and of pearls, and fine linen, and purple, and silk, and scarlet, and all thyine wood, and all manner vessels of ivory, and all manner vessels of most precious wood, and of brass, and iron, and marble,*

*13 And cinnamon, and odours, and ointments, and frankincense, and wine, and oil, and fine flour, and wheat, and beasts, and sheep, and horses, and chariots, and slaves, and souls of men.*

*14 And the fruits that thy soul lusted after are departed from thee, and all things which were dainty and goodly are departed from thee, and thou shalt find them no more at all.*

**15 The merchants of these things, which were made rich by her,** *shall stand afar off for the fear of her torment, weeping and wailing,*

*16 And saying, Alas, alas that great city, that was clothed in fine linen, and purple, and scarlet, and decked with gold, and precious stones, and pearls!*

*17 For in one hour so great riches is come to nought. And every shipmaster, and all the company in ships, and sailors, and as many as trade by sea, stood afar off,*

*18 And cried when they saw the smoke of her burning,  
saying, What city is like unto this great city!*

*19 And they cast dust on their heads, and cried, weeping  
and wailing, saying, Alas, alas that great city, wherein  
were made rich all that had ships in the sea by reason  
of her costliness! for in one hour is she made desolate.*

**20 Rejoice over her, thou heaven, and ye holy  
apostles and prophets; for God hath avenged you on  
her.**

*21 And a mighty angel took up a stone like a great millstone, and cast it into the sea, saying, Thus with violence shall that great city Babylon be thrown down, and shall be found no more at all.*

*22 And the voice of harpers, and musicians, and of pipers, and trumpeters, shall be heard no more at all in thee; and no craftsman, of whatsoever craft he be, shall be found any more in thee; and the sound of a millstone shall be heard no more at all in thee;*

*23 And the light of a candle shall shine no more at all in thee; and the voice of the bridegroom and of the bride shall be heard no more at all in thee: for thy merchants were the great men of the earth; for by thy sorceries were all nations deceived.*

## Strong's Concordance

Sorceries (pharmakeia G5331, far-mak-i'-ah; from G5332; medication ("pharmacy"), i.e. (by extension) magic (literally or figuratively):—sorcery, witchcraft).

## Vine's Expository Dictionary of New Testament Words

(Eng., "pharmacy," etc.) primarily signified "the use of medicine, drugs, spells;" then, "poisoning;" then, "sorcery," Gal 5:20, RV, "sorcery" (AV, "witchcraft"), mentioned as one of "the works of the flesh."

## Outline of Biblical Usage

The use or the administering of drugs; poisoning; sorcery, magical arts, often found in connection with idolatry and fostered by it; metaph. the deceptions and seductions of idolatry

*“...the food; the ointments; the fragrances;  
the clothes. She has (Bable) put  
pharmakeia in these things and the saints  
are involved in it...”*

When you consume the merchandise, of the great men of the earth, who are citizens of Babylon, Babel, you are subscribing to deception, via sorcery, witchcraft, pharmakeia.

The purpose of the deception is to blind you to the impoverishment and extraction system of Babel, the consequences consuming their merchandise, how remaining subscribed to the Babylonian commerce maintains your citizenry, and finally how Babel is systematically and intentionally defiling your temples.

Today, we begin starting to discern how!

## Conventional Cotton (Non-Organic)

A chemical-intensive crop, conventional cotton accounts for 25% of the insecticides used worldwide. Residue from these poisons are transferred from soil to boll making their way into the fibers of our conventional cotton clothing. Even the smallest dose of pesticide exposure has been linked to brain, fetal damage, and sterility in humans. Unlike organic cotton, a slew of toxic synthetic chemicals are also required in processing conventional cotton. Some of these chemicals include silicone waxes, petroleum scours, softeners, heavy metals, flame retardants, ammonia, and formaldehyde. Body heat and sweating actually accelerate the absorption of these residues into your skin.

## Synthetic + Performance Fabrics

Did you know that your skin works to keep you healthy by discharging up to 1lb of toxins per day? Petrochemical fibers like nylon, polyester, acrylic, acetate or triacetate actually restrict toxin release. Don't be fooled by popular marketing terms like "sweat-wicking" or "performance fabrics". These fancy claims equate to a high synthetic fiber content which suffocates your skin. Wearing synthetic fabrics can cause anything from headaches and nausea to skin rashes and respiratory problems.

Synthetic undergarments have also been said to contribute to infertility in men. Additionally, recent studies have found microfibers from petroleum-based synthetic fabrics like nylon, acrylic and polyester in 83% of the world's drinking water. It's not surprising when considering that the laundering of a single polyester garment is estimated to release 1,900 individual plastic fibers that rinse off and end up in our oceans killing aquatic life.

## Brand New Clothes & Wrinkle-Free Fabrics

New clothes are the consumer choice for their bright, crisply pressed and unworn-by-anyone-else appeal. But, what is that “new” smell we’ve been conditioned to appreciate? Oh well, it’s just a mixture of toxic finishing treatments like urea resins and formaldehyde. Used primarily in construction—and to preserve dead bodies—formaldehyde, has been linked to dermatitis and lung cancer. So why do we use this known human carcinogen on our clothing? New clothing is often covered with formaldehyde to prevent mildew, wrinkling and parasites during shipping—especially those shipped from China.

In fact, Victoria’s Secret has undergone multiple lawsuits for the excessive formaldehyde levels found in their lingerie. Consumers should also be wary of any fashion labeled “easy care”, “wrinkle-free” or “shrinkage-free” as these fabrics are also known to release formaldehyde.

## Weatherproof and/or Flame Retardant Fabrics

For the outdoor enthusiast, weatherproof clothing is highly preferred, but comes with an unexpected price. The culprit is called *PFC (Perfluorocarbon)* and can be found in non-stick household items and apparel and footwear products that claim to be stain-resistant and waterproof. Exposure to PFC has been associated with both kidney and testicular cancer, obesity and decreased response to vaccines. From an environmental perspective, the manufacturing of PFC can contaminate surface water, drinking water, groundwater, air and dust. In fact, in 2015 PFC runoff from a DuPont manufacturing plant in the mid-Ohio Valley was blamed for significant birth defects and other health issues in Parkersburg, West Virginia.

Flame retardant fabrics have also gotten a bad rep in recent years. Found in everyday household items and furniture to outdoor apparel and camping gear, flame retardants have been linked to serious health risks like infertility, reduced IQ, endocrine disruption and breast cancer. What's more is that firefighters have even spoken out against the use of fire retardant synthetic chemicals claiming that they don't even properly work—releasing toxic fumes when burned that are far more likely to kill you than the fire itself.

# Workout Gear & Anti-Bacterial Fabrics

As a society, we've become hyper germa-phobic. Much of this is due to marketers convincing us that we are never clean enough, when in reality embracing a little dirt keeps our immunity intact. The fitness sector of the industry is known to use synthetic chemical blends and fungicides to make their products "anti-bacterial". These chemicals include *triclosan*, a coating linked to liver and inhalation toxicity that's been proven to cause liver cancer in mice; and *nanoparticle silver*, that gives the garment "anti-odor" properties and has been linked to hormone disruption and DNA damage. *Phthalates* are commonly used in workout gear that has been printed or dyed in design. This manufacturing plasticizer is linked to cancers, adult obesity as well as reduced testosterone in men and women.

## Black Clothing, Denim & Azo Dyes

Ever seen the warning label “Attention! This garment will lose dye and color” on a prospective pair of jeans? In conventional dye methods, 35% of the color is flushed away after dyeing, while only 65% is retained in the cloth. Azo dyes, the industry’s go-to, release chemicals known as aromatic amines that have been linked to cancer. Dark colors like brown and black contain higher concentrations of *p-Phenylenediamine (PPD)* a chemical that triggers skin allergies and can cause contact dermatitis. Synthetic indigo that makes your blue jeans blue is made from a chemical cocktail that includes formaldehyde, which is not only harmful to humans, but to the environment when discharged after dyeing. It is estimated that 20% of our planet’s industrial water pollution comes from the dyeing and finishing processes of textiles as a single mill can use 200 tons of fresh water per ton of dyed fabric. In China, 70 percent of the rivers and lakes are contaminated by 2.5 billion gallons of wastewater from the textile and dye industry.

# Leather

Many steer clear from leather for its negative impact on animals. What doesn't get much air time are the many toxic chemicals it takes to tan leather. Tanning is the process that converts the animal skin into leather and 90% of the leather goods you'll find in stores today has been tanned with chromium. Although vegetable tanning is a natural option, tanning with chromium speeds up the process, creates a thinner and softer leather than veggie-tanned and can be dyed in a multitude of colors. Despite aforementioned perks, chromium contributes to some gnarly health effects. For those in the tanneries, workers can experience everything from rashes, permanent skin bleaching, nosebleeds and respiratory problems to lung cancer and the alteration of genetic material.

<https://remake.world/stories/news/there-are-hidden-chemicals-in-our-clothing/>

Chemicals, sorcery, witchcraft, pharmakeia is in and on your clothes. They're known to cause cancer, infertility, brain and fetal damage, sterility, respiratory issues, rashes, nausea, reduced IQ, DNA damage, reduced testosterone, skin allergies, and dermatitis. The merchants of Babylon care not for the defilement of your temple, nor for your health and wholeness, they care about power, control, influence, money.

This is why deception is necessary.

## Genesis 3:21

*20 And Adam called his wife's name Eve; because she was the mother of all living.*

*21 Unto Adam also and to his wife did the LORD God make coats (kutōnet̄ keth-o'-neth, from an unused root meaning to cover (compare H3802); a shirt:—coat, garment, robe.) of skins (‘ôr skin (as naked); by implication, hide, leather:—hide, leather, skin.), and clothed them.*

The first ever garment, manufactured by YeHoVaH himself, was made from skins.

Although YeHoVaH doesn't appear to produce more coverings for man directly, man continues to use skins to attire himself and for coverings throughout scripture.

## Exodus 25:1

*1 And the LORD spake unto Moses, saying,*

*2 Speak unto the children of Israel, that they bring me an offering: of every man that giveth it willingly with his heart ye shall take my offering.*

*3 And this is the offering which ye shall take of them; gold, and silver, and brass,*

*4 And blue, and purple, and scarlet, and fine linen, and goats' hair,*

*5 And rams' skins dyed red, and badgers' skins, and shittim wood,*

*6 Oil for the light, spices for anointing oil, and for sweet incense,*

*7 Onyx stones, and stones to be set in the ephod, and in the breastplate.*

*8 And let them make me a sanctuary; that I may dwell among them.*

In addition, to skins, leather, the Bible describes another natural material that was utilised as a means to cover the ancient Israelites, and those of the nations.

## Genesis 41:42

*And Pharaoh took off his ring from his hand, and put it upon Joseph's hand, and arrayed him in vestures of fine linen (šēš shaysh H8336, bleached stuff, i.e. white linen or (by analogy) marble:— blue, fine (twined) linen, marble, silk.), and put a gold chain about his neck;*

## Exodus 26:1

*Moreover thou shalt make the tabernacle with ten curtains of fine twined linen (šēš shaysh H8336, bleached stuff, i.e. white linen or (by analogy) marble:— blue, fine (twined) linen, marble, silk.), and blue, and purple, and scarlet: with cherubims of cunning work shalt thou make them.*

Linen is a plant-based fiber that comes from the flax. This natural fibre, in the scripture is used for a variety of different reasons such as to clothe Kings, princes, cover the tabernacle, adorn priests, the disciples of Yeshua and angels.

## Mark 14:50

*50 And they all forsook him, and fled.*

*51 And there followed him a certain young man, having a*

*linen cloth (sindōn sin-done' G<sub>4616</sub>, of uncertain (perhaps foreign) origin; byssos, i.e. bleached linen (the cloth or a garment of it):—(fine) linen (cloth)) *cast about**

*his naked body; and the young men laid hold on him:*

*52 And he left the linen cloth (sindōn sin-done' G<sub>4616</sub>),*

*and fled from them naked.*

## Revelation 19:8

*8 And to her was granted that she should be arrayed in fine linen (byssinos boos' -see-nos G1039, from G1040; made of linen (neuter a linen cloth):—fine linen), *clean and white: for the fine linen is the righteousness of saints.**

*9 And he saith unto me, Write, Blessed are they which are called unto the marriage supper of the Lamb. And he saith unto me, These are the true sayings of God.*

*10 And I fell at his feet to worship him. And he said unto me, See thou do it not: I am thy fellowservant, and of thy brethren that have the testimony of Jesus: worship God: for the testimony of Jesus is the spirit of prophecy.*

*11 And I saw heaven opened, and behold a white horse; and he that sat upon him was called Faithful and True, and in righteousness he doth judge and make war.*

*12 His eyes were as a flame of fire, and on his head were many crowns; and he had a name written, that no man knew, but he himself.*

*13 And he was clothed with a vesture dipped in blood: and his name is called The Word of God.*

*14 And the armies which were in heaven followed him upon white horses, clothed in fine linen (byssinos boos'-see-nos G1039, from G1040; made of linen (neuter a linen cloth):—fine linen), *white and clean.**

The tabernacle, Kings, priests, disciples, angels and more, throughout scripture adorned themselves in linen.

The merchants of Babylon sell linen, however, the linen prior to them and excluding them today, that doesn't include pharmakeia will not defile and therefore compromise you.

## Leviticus 13:47

*47 The garment also that the plague of leprosy is in,  
whether it be a woollen (ṣemer tseh'-mer*

*H6785, from an unused root probably meaning to be  
shaggy; wool:—wool(-len)) garment, or a linen garment;*

*48 Whether it be in the warp, or woof; of linen, or of  
woollen; whether in a skin, or in any thing made of  
skin;*

## Judges 6:37

*37 Behold, I will put a fleece of wool (šemer tseh'-mer H6785, from an unused root probably meaning to be shaggy; wool:—wool(-len)) in the floor; and if the dew be on the fleece only, and it be dry upon all the earth beside, then shall I know that thou wilt save Israel by mine hand, as thou hast said.*

God's people need to stop supporting the merchants of Babylon, the great men of the earth, in their quest to deceive the nations, and thereby empowering their oppressor, while compromising and defiling their own temples.

The people of God need to produce merchandise, or purchase if and when necessary elsewhere - preferably from their own people.

God's people need to have a no compromise approach to their sanctification, obedience to YeHoVaH's commands and faith in Yeshua our Saviour.

**pharmakeia hasn't been discerned**

**in the people of God Almighty**
