

Protocol to be given, to find, have doors open unto you

- Abide in Yeshua - evaluate if you are walking in his ways? Are you speaking as he spoke? Treating others as he would have treated them? Is the Kingdom first in your life? Is righteousness first in your life? Are you on the journey of transformation with the master, or stagnant and still?

Protocol to be given, to find, have doors open unto you

- Have faith in God - If you're abiding in Yeshua, do you have faith to believe you shall be given what you've asked for, find what you're looking for, have doors you're knocking on open? Do you even believe what you're asking for is possible? Have you put YeHoVaH in a box? Do you have self-limiting beliefs?

Protocol to be given, to find, have doors open unto you

- Ask, seek, knock - by committing your ways unto YeHoVaH in asking, seeking, and knocking, while replicating the previous protocols, you permit YeHoVaH to give and in doing so be acknowledged with your thanks.

After asking, are you looking for his answer? Are you willing to respond positively when he does?

- Eliminate doubt in your heart - doubt is the fruit of unbelief. Expect! Put your confidence and hope in being given, finding, and having doors open unto you.

Are you praying all the while not believing?

Have you given up hope? Are your words contending with your prayer?

- Agreement - Is your life, your words and actions in agreement with the word? Then invite others to come into agreement with what you desire to be given, find, and have answered in accordance to the word.

Are you in fellowship with those who won't come into agreement with the word of YeHoVaH and your word in prayer?

Protocol to be given, to find, have doors open unto you

- Believe that you've received them -

Believe that though you may not see it, it's
been assigned unto you to take and claim
possession of.

Are you lead by sight, or faith?

Therefore give thanks as an act of faith.
