V. PACKING LIST

1. Headphone * 1
2. USB cable * 1
3. User manual * 1
4. AUX cable * 1

VI. BLUETOOTH OPERATION

1. Turn the headphone on by pressing the power button for 3 seconds to enter into the pairing mode, the red and blue light would flash alternately, and the headphone would enter Bluetooth searching state automatically. After pairing successfully, the blue light would flash up; but if fail, it would automatically shut down within 5 minutes. If the connection fails, please restart or charge the headphone, since a low battery would cause to shutdown.
2. After connecting to the phone successfully, the headphone would beep when there is an incoming call.

VII. AUX OPERATION

1. Insert a 3.5mm audio cable into the AUX jack on the back of the headphone. Connect the 3.5mm cable to any audio device with a port.
2. Plug the audio line into the AUX audio input of the headphone and other audio devices like computer. The Bluetooth should still be on while plugging an aux line, otherwise, the operations would be invalid..
