Working Voltage: 3.7V
Sensitivity: 105±5dB at 1KHz
Max output power: 30mW
Audio jack: φ3.5mm
Frequency Response: 20Hz-20KHz
Built-in Battery: 300mAh/Up to 10 hours music time
Changing time: ≤2.5 hours
Talking time: about 18 hours
Standby time: about 200 hours

V. PACKING LIST

1. Headphone * 1
2. USB cable * 1
3. User manual * 1
4. AUX cable * 1
VI. BLUETOOTH OPERATION

1. Turn the headphone on by pressing the power button for 3 seconds to enter into the pairing mode, the red and blue light would flash alternately, and the headphone would enter Bluetooth searching state automatically. After pairing successfully, the blue light would flash up; but if fail, it would automatically shut down within 5 minutes. If the connection fails, please restart or charge the headphone, since a low battery would cause to shutdown.

2. After connecting to the phone successfully, the headphone would beep when there is an incoming call.

VII. AUX OPERATION

1. Insert a 3.5mm audio cable into the AUX jack on the back of the headphone. Connect the 3.5mm cable to any audio device with a port.

2. Plug the audio line into the AUX audio input of the headphone and other audio devices like computer. The Bluetooth should still be on while plugging an aux line, otherwise, the operations would be invalid.

VIII. Common Problem Solution

<table>
<thead>
<tr>
<th>PROBLEM</th>
<th>TROUBLESHOOTING</th>
</tr>
</thead>
<tbody>
<tr>
<td>Repeated failure of connection</td>
<td>1. Make sure the headphone is in searching mode, or try to reboot.</td>
</tr>
<tr>
<td></td>
<td>2. Turn off other Bluetooth devices which would affect searching.</td>
</tr>
<tr>
<td>Small or distorted sound</td>
<td>1. Detect the volume of the headphone, and adjust to an appropriate volume.</td>
</tr>
<tr>
<td></td>
<td>2. Low battery, please fully charge and try again.</td>
</tr>
<tr>
<td>Discontinuous music</td>
<td>Move the paired Bluetooth device closer to the headphones. Make sure there are no obstacles between the Bluetooth device and the headphones.</td>
</tr>
<tr>
<td>Bluetooth indicator light does not show up</td>
<td>1. Low battery, please fully charge and try again.</td>
</tr>
<tr>
<td></td>
<td>2. Reboot</td>
</tr>
