Have You Ever Dreamed of Designing Your Own Piece of Handmade Glass?

Well now is your chance! We've launched a competition to let you do just that. Open to everyone, any age and any creative ability.

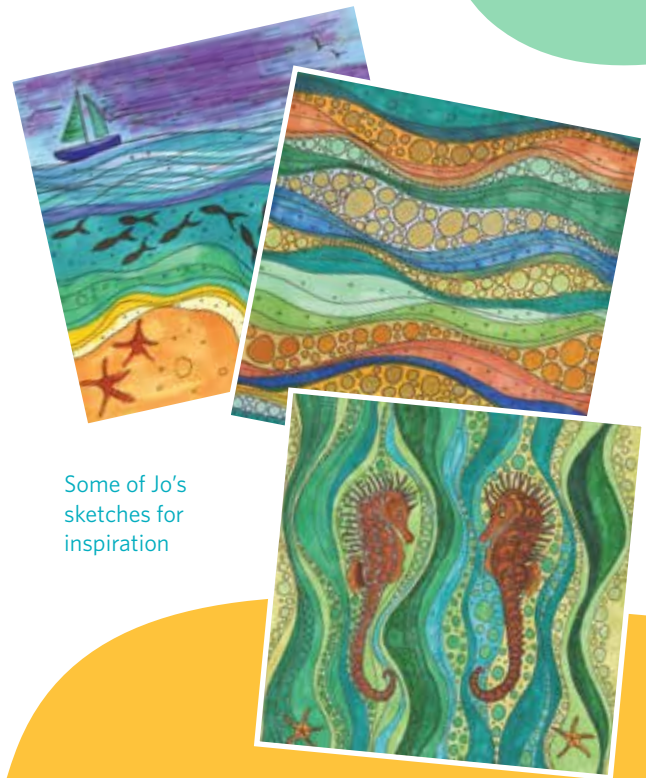

We are regularly creating stunning one off pieces for customers, and this year we wanted to give one lucky person the chance of winning their very own piece of Jo Downs Handmade Glass. Whether you've dreamed of a wonderful wall panel, beautiful bowl or magical mirror, get inspired and create the design you've always dreamed of.

When you've sent us your entry we will place it on our Facebook page and tag you. You'll need to share the link of the album as the more likes and shares you get the better chance you have of winning. Jo and her small team of designers will select the winning design from the Top 20 liked and shared entries.

The winning design will be expertly interpreted into a stunning piece of Jo Downs Handmade Glass by Jo herself.

How It Works
