The Get Go Inc. 18 Aubrey Ave, Richmond Hill, ON, <u>Canada, L4E</u> 1A4

Office: 416.948.2228 Ext.428 Cell: 647.628.9898

Contact Lisa Godfrey Lisa.godfrey@thegetgoinc.com www.thegetgoinc.com

Benefits:

- Fast, convenient, easy to use
- No tools required to change LED
- Gloves on use...warm hands!
- Significant time saving per signal...\$\$\$
- Improves safety...less time in bucket, reduces accident exposure
- No tools or parts will fall to the ground during re-lamping
- No fussing with corroded lens clip screws
- Retrofit old signals during re-lamping and SAVE TIME for future re-lamping
- Pays for itself in first change out

Features:

- Extended reach to accommodate undersized LED modules + different LED/gasket thickness
- Universal design fits most makes and models*
- Positive latch lock mechanism
- Stainless steel screws
- Custom polymer, operates -40°C to +80°C
 (-40°F to +176°F) will not fail in extreme heat or cold
- Surpasses ITE wind loads
- Patented

Replaces metal lens clips
