

# Set Up Instructions

# BRC-OUTDOOR BANNER STAND

**Step 1:** Remove drain screw and add water to base using the funnel provide. Insert drain screw back into hole and tighten securely to prevent leaking.

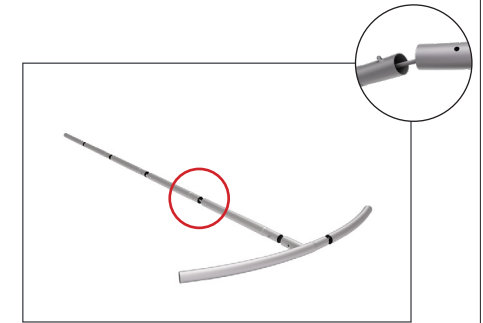

**Step 2:** In a clean, dry area, assemble the fabric onto the bottom of the base by angling and tucking the silicone gasket into the groove.

**Step 3:** Flip base over carefully to prevent damage to graphic.

**Step 4:** Assemble the center support uni-pole.

**Step 5:** Push center support pole into the base securely.

**Step 6:** Stretch the fabric up and over the top without putting lots of tension on the zipper. Zip up the print on both sides to meet in the center.

**Step 7:** Complete.
