welcome here

Our Story

Caring Clothing is an Australian owned company, designing and manufacturing fashionable Adaptive Clothing for people who experience difficulties with dressing. We stock a variety of brands, handpicked to meet the needs of our clients to ensure we provide the best choice.

What is Adaptive Clothing?

Adaptive clothing is designed to make dressing easier regardless of age and disability, benefiting and supporting carers, health professionals, individuals living independently, being cared for at home, residential care, hospital or rehabilitation.

Dressing is an integral part of self-expression, independence and dignity and we believe it should not be sacrificed due to movement impairment.

Specifically designed to appear as standard clothing, with carefully designed and discreet features, including adaptations with back, side openings and hooks and clasps.
