

Philips Respironics Amara Sizing Gauge

Instructions:

- 1) Print out this sizing gauge, ensuring it is printed without any scaling (do not select “fit to printable area” or similar)
- 2) Use the square inch below to ensure that the page has printed at the correct size
- 3) Cut out the gauge and hold up to face, as per diagram above, to determine correct size
- 4) If between sizes, then select the larger option
