

TESLA MODEL 3 | MODEL Y HEADLIGHTS CONVERTER INSTALLATION

Please be advised that certain features of your ALPHAREX headlights may not operate as expected due to recent Tesla software updates. To address this issue, we provide a specialized converter designed to update your headlights system and ensure optimal functionality. Kindly follow the instructions below for the installation process.

Begin by disconnecting the headlight connector.

Proceed by attaching the converter connector to the ALPHAREX headlight unit, and then connect it to the vehicle's lights connection **DO NOT USE DIELECTRIC GREASE!**

To finalize the installation, kindly follow the same process for the other side of the headlight.
