

Compatible with:

- Freightliner
- Volvo
- Kenworth
- Peterbilt
- International
- and others...

Advantages of the DirecLink:

- 1) Connects to the truck's network to provide very fast and accurate proportional trailer braking
- 2) Allows the driver to "fine tune" the trailer brake level for optimal performance & satisfaction
- 3) Offers the most comprehensive towing diagnostics for truck & trailer status and connections
- 4) Error messages are in "plain English" and reset automatically when the error is corrected
- 5) Vehicle speed is monitored which allows the driver to adjust for high and low speed braking
- 6) DirecLink works with electric and electric/hydraulic trailer brake systems (1 to 4 axles)
- 7) DirecLink is easy to install and operate

DirecLink works well with the "Jakalopee", an electrical interface that converts HD Truck trailer connectors to RV style connectors.

DirecLink is also compatible with the following **cars & trucks:**

- | | |
|-----------------|-----------------|
| 1997 to present | 2008 to present |
| - FORD | - TOYOTA |
| - GM | - NISSAN |
| - CHRYSLER | - MERCEDES |
| | - VOLKSWAGEN |
