▲ WARNING

FALL AND SUFFOCATION HAZARD

FALL HAZARD - Infants can fall through a wide leg opening or out of carrier.

- · Before each use, make sure all fasteners are secure.
- · Take special care when leaning or walking.
- · Never bend at waist: bend at knees.
- · Only use this carrier for babies between 7lbs (3.2kg) and 45lbs (20kg).
- To prevent hazards from falling, ensure that your child is securely and correctly positioned in this carrier.

SUFFOCATION HAZARD - Infants under 4 months can suffocate in this product if face is pressed tight against your body.

- · Do not strap infant too tight against your body.
- · Allow room for head movement.
- · Keep infant's face free from obstructions at all times.

WARNING:

- · Constantly monitor your baby and ensure that the mouth and nose are unobstructed
- For pre-term, low birthweight babies and children with medical conditions, seek advice from a health professional before using this product
- Ensure that your baby's chin is not resting on his chest as his breathing may be restricted, which could lead to suffocation
- · Your balance may be adversely affected by your movement and that of your baby
- · Take care when bending or leaning forward or sideways
- · Do not allow baby to insert his fingers into a buckle opening
- Never leave baby unattended in or with the MiaMily baby carrier and/or infant insert
- · Only use the infant insert in the facing in position
- This carrier is not unstable for use during sporting activities, eg, running, cycling, swimming and skiing
