Rich and ripe and according to one judge - “authentic” with a Cherry Ripe note and leafy/meaty fruit flavours.

Good vintages like the 2020 have an impact on these value for money wines. This harmonises the exquisite fruit qualities of the blackcurrant cabernet and the spicy plummy fruit cake of the merlot. A little sweet chocolate richness completes the picture.

This is a good Margaret River Bordeaux blend. It marries supple, rich blackcurrant fruit with tannins that are manifestly ripe. The overall balance and length are in good company with each other, the price excellent value.
