INSTALLATION (Refer to Fig. 1)

1. Unpack and prepare contents
 - SONAKI Vitamin shower head and Vitamin C cartridge (pre-assembled).
2. Remove your existing shower head from the hose.
3. Install the Vitamin showerhead to the hose. (Fig. 1)
4. If leaks appear, tighten or reinstall.

Now you are ready to enjoy the benefits of showering in healthy and chlorine free water!

OPERATION

Before entering the shower

1. Adjust to the desired temperature before entering shower.
 - To ensure filter lifetime, replace the Vitamin C filter a week after the vitamin power in the filter case being metled completely.

FILTER REPLACEMENT (Refer to Fig. 2)

The life span of 1 cartridge of Vitamin Filter is 4 weeks for the 4 family members in average. The life span of the filter cartridge varies upon the temperature and water spraying pressure applied in use. Replace the refill filter a week after the vitamin powder in the filter case being melted completely. (Liquid remained is Vitamin C water and it takes a week to consume the vitamin water).

1. Unscrew the shower filter case
2. Remove the used filter from the shower filter case and Insert a new vitamin filter into the filter case.
3. Reassemble shower filter case with a new vitamin filter to the shower head.
