

GEO Cruiser Elite EX

Liteweight Portable Mobility Aid

Don't let mobility challenges stop you from doing the things you enjoy doing. Like going shopping, to museums, amusement parks, family gatherings, traveling or just being able to have more independence. You can experience more with the Geo Cruiser lightweight and foldable electric wheelchair. It's portable and easy-fold design allows for convenient storage and easy transport. In fact, it fits in just about any vehicle. It is designed to perform flawlessly with total comfort in mind, and has been cleared for safety by the Food and Drug Administration (FDA).

The Geo Cruiser is equipped with two lithium-ion batteries, the newest and most efficient battery technology. It is travel friendly and airline approved, so you can ride to the boarding terminal, fold the unit, and have it taken away for boarding. It features an adjustable leg-guard, foot-rest, and four position backrest.
