STYLE GUIDE 2018

Our Brand

Our mission is to create ready to wear African inspired fashion by incorporating traditional elements from our rich cultural heritage with modern influences to produce our own interpretation of neo-afro contemporary fashion. Like every creative process, ours begins with a vision where the designer produces a sketch and collaborates with a team of expert bag makers, graphic designers and mold makers to ensure we've engineered the best product.

Over the years, we have seen fashion evolve into art and a form of expression. We believe in empowering our customer's creative freedom of expression through fashion and are excited to be a part of the evolutionary journey propelling African fashion into mainstream contemporary marketplace. Our designs are not only meant to elevate and showcase high fashion but also birth creatively inspired new designs.

As a brand, we invest time creating stimulating products starting from our design and material selection to our manufacturing and packaging. What we represent is top notch quality products without compromise on luxury! With our customers in mind, our goal is to deliver the Lizkela experience by striving for the ultimate customer satisfaction.
