

MINI LOOP BAND KIT

EXERCISE GUIDE

- Warm up for 3-5 minutes before each session.
- Complete 1-3 sets of 8-12 repetitions of each exercise selected.
- Rest approximately 30-60 seconds between each exercise set.
- Perform each exercise in a controlled manner, through a full range of motion.
- When applicable, perform an equal number of exercise repetitions with each leg to avoid the development of muscle imbalances.
- If unable to complete 8 exercise repetitions through a full range of motion, increase rest time between exercise sets or select a Mini Loop Band that provides a lesser amount of resistance, or if unable to achieve moderate to maximal muscular fatigue following the completion of 12 exercise repetitions through a full range of motion, decrease rest time between exercise sets or select a Mini Loop Band that provides a greater amount of resistance.
- Perform each exercise a minimum of 3 times per week for maximum results.
- Allow 24-48 hours of complete rest between each exercise session.
