

## How to Become an Authorized Distributor

We expect all Turbo Parts Canada Vendors partners to have invested interest in the local car community, advanced training in current technology, speedy service, product knowledge and product support. This is the level of commitment that we demand on behalf of TPC Inc. turbo customers.

We at Turbo Parts Canada love to work in conjunction with Performance, OEM and Dyno tuning shops. There is no buy ins and we have a tier system to allow you to sell boost by the pounds.

If your business would like to set up a dealer account and sell TPC products please complete this form bellow.

Your business must have a physical address and legal location. No home businesses unless you are a reputable tuner and have several shop references.
