

Nutscene
A Brand established 1922

2016-17
Collection

Harvest time in rural Angus, the location of our headquarters.

Image used by kind permission of Dundee Heritage Trust/Verdant Works.

Nutscene

(1922) Limited

We have come along way since the early days of the 1920's when the Nutscene brand was first established in Dundee, Scotland. The name Nutscene is derived from our green twine, which when tied around plants was "not seen", as the product was patented the name was changed to "Nutscene". Back in the day women were key to the production of the yarn in the many factories that were dotted throughout Dundee, with over 45,000 people employed in the industry up to the late 1950's.

Today Nutscene is a global brand operating from its Headquarters in Angus. Nutscene export to over 23 countries where it has a growing reputation for innovation, quality and service. We are proud of our heritage and the women who have played a major part in our success. We are a small team with lots of enthusiasm and creativity, we believe in our product and product innovation is at the forefront of our agenda. Nutscene is often copied, but never equalled!
