

**ENTAIL™: EXTRAS
INCLUDED**

ENTAIL WITH BLACK FRAME FINISH. MESH BACK IN JET BLACK, SEAT UPHOLSTERED WITH GABRIEL ATLANTIC IN RUBY.

ESSENTIALS STANDARD

Entail offers value-added features at a value-driven price. With Entail, optional features have been made standard such as dual function arms (height adjustable and front-to-back adjustable), a seat shroud and thicker seat foam that prevents 'bottoming out.'

Entail even offers a seat slider and the most seat-height adjustability in its class to support a broader range of body types. Its dynamic back design maintains full contact as you shift from task to task.

By offering so many ergonomic features at such an affordable price, Entail sets a new standard in what an entry-level task chair should be.

Value Added

Entail is available in a smoke or black frame finish and its back mesh is available in a range of 14 colors. The mesh is integrated into the back frame to prevent fraying and extend its lifespan. An optional padded lumbar and headrest are available to provide added support.
