HotStik EXA™ - RGBAW+UV LED Wash Fixture

With 12x totally bright 15-watt RGBAW+UV 6-in-1 LEDs, HotStik™ EXA fixtures give you the ability to create any rich, vibrant color you can possibly imagine, then you can even add ultraviolet light to the mix to give it an eerie hue. Maybe create a custom scene with some beautiful, slow color fades leading into full on UV, alternating with a few brilliant blasts of cool white strobe. The possibilities are endless with 6-in-1 RGBAW+UV LEDs, they are truly amazing!

With an awesome array of built-in color macros, automated programs, plus sound active mode via master/slave, the HotStik™ EXA is a perfect solution for any type of accent lighting. Plus, with the flexibility of either 3/6/8/10/11-channel DMX modes, makes the HotStik™ EXA a great choice for theatrical and production work as well. Whatever the need, the HotStik™ EXA delivers outstanding color reproduction in a smart, compact linear wash package!

HotStik™ EXA fixtures offer a wide variety of DMX channel modes, which means they work great with any type of controller, and when in 6-channel mode they are a perfect fit with our Kontrol 6™ and Kontrol 6 Skywire™ controllers with six dedicated RGBAW+UV sliders. In extended Mode, you'll have full control of all that it has to offer such as RGBAW+UV color mixing, 35 built-in programs, ultra smooth flicker-free 32-bit dimming (5 user-selectable dimming curves), and even easy HSV color mixing ability in 3-channel mode.

The super-easy to use built-in 4-button LED control panel also allows total control over the fixture including master/slave settings, sound active mode, built-in programs, auto mode, custom RGBAW+UV color mixing, and user adjustable fade/strobe effects for an unbelievable light show!

This fixture also comes equipped with industry standard powerCON® compatible power input/output connections & 3-pin wiCICLE® enabled DMX input/output connections, which means the DMX jacks can directly supply power to our wiCICLE® wireless DMX system. An innovative design, that meaning even fewer cords and less setup time!

And of course, it is also backed by Blizzard's 2-year warranty!

Lux/m	Red	Green	Blue	Amber	White	UV	All
1m	1,778	2,818	2,905	1,319	3,159	554	10,410
2m	670	985	9,91	5,06	1,167	225	3,725

Main Features
• RGBAW+UV color mixing via 12x 15W 6-in-1 LEDs
• Variable electronic strobe
• Variable electronic dimmer
• Built-in color & chase macros via DMX
• Built-in automated programs + Sound Active via master/slave
• RGBAW+UV color mixing ability in standalone mode
• 3-pin male input and 3-pin female output
• User selectable 3/6/8/10/11-channel DMX modes
• Able to directly power the wiCICLE® wireless system via DMX
• Easy to use LED control panel
• PowerCon™ compatible AC power In/Out connectors

Power
• Operating Voltage: 100-264VAC, 47-63 Hertz
• Power Consumption: 104W, .1.36A
• Power Factor: .63

Optical
• Beam Angle: 25 degree optics

Thermal
• Max. Operating Temp.: 104 degrees F (40 degrees C) ambient

Control
• Protocol: USITT DMX-512
• DMX Channels: 3/6/8/10/11 (User Selectable)
• Input: 3-pin XLR Male
• Output: 3-pin XLR Female
• Operating Modes: Standalone, Master/Slave, Sound Active, Color Preset

Weight & Dimensions
• Length: 23.7in (600mm) fixture, 16.2in (41cm) base
• Height: 5in (126mm) fixture, 8.2in (20.7cm) w/base
• Depth: 2.26in (7mm) fixture, 4.9in (12.4cm) base
• Weight: 10.4 lbs (4.7kg)

Warranty
• 2-year limited warranty, does not cover malfunction caused by damage to LEDs.
