

IP65 Rated, 30 LED Per/M Flexible RGB Ribbon

KOMPLY™

Komply™ RGB5050 is an IP65 rated 12V flexible LED ribbon that has 30* RGB LEDs per meter on a 5-meter reel, and is a wonderful architectural LED lighting solution for numerous indoor or outdoor applications. There are cut points every 10cm (between every 3 LEDs), so no matter what length the situation calls for, you're sure to get a great fit.

For simple projects, you can power up to 2 rolls connected (directly) to a Komply™ LED driver and a decoder. Longer runs or wiring distances may require the use of additional [accessories](#) or setup methods. If you have any questions regarding the specific needs of an installation, please consult with a professional installer, or you can [contact us](#) directly.

Komply™ LED products offer a 2-year limited warranty.

RGB5050

Main Features

- 150 SMD LEDs per 5m reel
- IP65, outdoor rated
- Input voltage: 12VDC
- Easy to install
- LEDs can be dimmed
- Can be trimmed to custom lengths
- Cuttable every 3 LEDs (10cm)
- Each reel includes its own mounting clips
- Reel length: 5m (16.4ft)
- Usage: indoor/outdoor
- Certificates: CE, RoHS, UL, FCC

Overview

IP65 rated
PCB thickness: 2mm
PCB width: 10mm
Silicone mounting clips included

Optical

30 LEDs per meter, 150 per reel
View angle: 120°
LED chip manufacturer: Epistar
Luminous Flux: 16Lm per LED

Power + Current

Input: 12VDC
Max power: 7.2W/M
36W per full reel
Current: 0.6 A/M

Thermal

Storage temp:
-40° to 176°F (-40 to 80°C)
Operating temp:
-13° to 140°F (-25 to 60°C)

Warranty

2-year limited warranty
