TOURnado EXA WIMAX

19* 15W 6-in-1 LED IP65 Rated PAR Can

Rocking someone like a hurricane? Been thunderstruck? Making it rain men? No matter what kind of tempest you bring to the stage you need the TOURnado™ WIMAX Series from Blizzard Lighting.

The TOURnado™ WIMAX EXA brings more lightning for your thunder with higher output than ever before. Get super bright RGBAW+UV color mixing from 19x 15W 7-in-1 LEDs with advanced 25° optics.

The TOURnado™ WIMAX EXA weathers almost any storm. It's IP65 outdoor rated and sports a larger natural convection cooled cast aluminum housing than previous models. It has a tempered glass lens and watertight internal gaskets. The back has outdoor rated 3-pin XLR data and AC power input/output connectors with rubber seals.

It's time to truly unleash the storm and go wireless. The built-in W-DMX™ receiver works seamlessly with any W-DMX™ product and provides ultra-stable wireless communication for more than 500 meters (line-of-sight)!

All TOURnado™ WIMAX fixtures have a 4-button control panel with an OLED display. You have total control including master/slave settings, 5 auto modes, custom programs (up to 3* 20 scene programs), fade, strobe, manual color adjustments, multiple user-selectable 32-bit dimming modes and more.

Riders on the storm, time to mount up and experience the TOURnado™ WIMAX EXA.
