Aloha and greetings from Hawai'i,

My husband and I love our cuppa but were unhappily using a dribbly, dripping, dreadful teapot that was gifted to us from a friend. Well, after Christmas we had finally had enough of it. We wanted a beautifully crafted, dependable, classic Betty Tea Pot - and now we have one!

Our thanks to all your craftspeople and staff for making a beautiful, functional ceramic teapot that we will enjoy for years. We truly appreciate the workmanship of your product and wanted to let you all know.

Mahalo, Cheers and best wishes for a joyous 2019 to you and yours!
