Thank you for your support!

Dear Dissent Pins,

For thousands of girls and women who engage with ChickTech (and the hundreds of companies who benefit from their leadership and innovation), the future looks brighter than ever. And that's all because of you.

Thank you for your donation of \$5,149.20 to ChickTech made on 12/26/2018! Your support is invaluable in furthering our mission of retaining women in the technology workforce and increasing the number of women and girls pursuing technology-based careers.

With your support, ChickTech reached over 7,700 girls, women, men, and gender nonconforming individuals across 27 chapters last year through our events and workshops. Girls thrive when given opportunities to learn about the limitless career paths in technology and see that there is a space in tech for them.

“Of 25+ students in my computer science class last year, three identified as female. This is why I want to thank you for giving me the opportunity to expand my vision towards STEM-based careers. You have created a safe place for girls to learn unabashedly about the world of technology. You have opened my eyes to new paths that I had not thought were available to me, and I thank you for that.”

- Genevieve W.
ChickTech Participant &
High School Freshman in Oregon

As we move forward into 2019, ChickTech continues to focus on ways to expand the diversity of the technology industry. We're planning to host 9 ACT-W (Advancing the Careers of Women in Technology) Conferences (and countless events) this year, giving thousands of women access to invaluable communities of support and countless hours of hands-on training and mentorship. We'll continue to serve thousands of young women through free, comprehensive high-school programming, bolstered by the expansion of our rural outreach efforts throughout the Northwest United States, which will give access to tech programming in communities where mentorship, support, and opportunities are few and far between.

All of this is possible because of generous supporters like you.

On behalf of ChickTech, thank you for your generous gift and support of all who benefit from empowering women and girls in tech. If you have any questions about your gift or would like to know more about ChickTech, please don't hesitate to contact our Operations Manager, Tonya Pieske at tonya.pieske@chicktech.org or (503) 804-5381.

With gratitude,

Janice Levenhagen-Seeley
Founder/CEO of ChickTech

Official Donation Receipt

This communication serves as an official receipt for income tax purposes. No goods or services were provided in exchange for this contribution. ChickTech is an exempt organization as described in Section 501(c)(3) of the Internal Revenue Code; EIN 46-3780208.
