What is a Mamma-pillo?

Worn over the arm Mamma-pillo is an Award Winning environmentally friendly multi-purpose nursing support pillow designed to gently support babies head and neck during feeding sessions and to elevate bub into an optimal feeding position without the need for lifting and holding.

Mamma-pillo also doubles as a handy travel pillow and an ultra lightweight pregnancy and maternity pillow. Compact and discrete Mamma-pillo's can be used anytime, anywhere. Simply pop behind your back when seated for lower back support. Use as a tummy support or wedge under your belly when you are laying on your side. Place between the knees when sleeping or resting to relieve sciatica and nerve pain. Pop under the feet to achieve gentle elevation, relieving tired swollen feet and ankles.

Happy customers the world over love Mamma-pillo!

"God knows how I survived before owning this!"

"My mamma-pillo is our FAVOURITE item! Such an essential for us & a massive support when it comes to breast feeding my bubba, no more sore neck or shoulders from straining!"

This pillow is amazing!! It is so light and easy to use everywhere I go...it is a life saver!!!-- or an arm saver! Could not recommend it enough to all the mamas out there. I'm getting two more"

"I absolutely love our Mamma-Pillo's!! They have been a life saver for my back, and they also go everywhere with us making breastfeeding a breeze! Highly recommend"

"This is by far the best feeding support pillow on the market! Soo comfy, easy to use and you can literally take it anywhere! Definitely a must have for any expecting Mumma"

"Makes my life so much easier, it positions her so well & no dead arm for me, it's lightweight & stylish! We couldn't be happier!"

"Honestly the best invention for feeding! We use it every feed .. it's comfortable on my arm too, like a cloud or a whole bunch of cotton wool! "

"That would have to be the most comfy feed miss Isla and I have ever had"

"I'm so in love with my pillow.. I can't believe how great it is for feeding when traveling in a car or plane."

"I have suffered from "mums thumb" and sore arms and shoulders... In one week of having the pillow my arms are no where near as sore and my wrists and thumbs have no pain. I wish I knew about this pillow for my first daughter, it would of saved a lot of pain an Physio."
