

Printable Ring Sizer

Paper Method for Sizing Your Ring

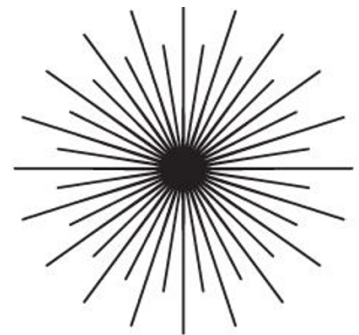

1. Print and cut out the ring sizer above.
2. Carefully cut a small slit on the black line next to the "Read Size Here" arrow.
3. Wrap the cut out piece of paper around your finger with the numbers facing out.
4. Feed the pointed end of the paper in the small slit that was cut, pulling it snug to the desired fit.
5. Your approximate ring size should be listed next to the arrow of the "Read Size Here."
6. Be sure the paper is not too tight or too loose, and can move around,

Ring Method for Sizing Your Ring

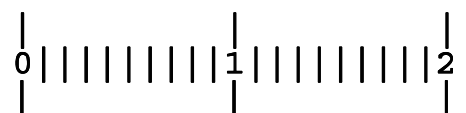

If you prefer not to use the printed cutout above, place a current ring that fits on spots to the left to determine the current size. We suggest using a few rings of the same or similar fit to ensure the most accurate size. This option works GREAT if you are buying a gift for someone else.
