 in 0.1V increments  
 15-second pre-heat  
 15-second vape time  
 5-minute auto shut-off  
 1.5-hour charge time  
 Short circuit protection

### FEATURES

### HOW TO USE:

1. Connect the Payout 2.0 to the USB-C charge cable and to a power source. Fully charge the device before use, approximately 1.5 hours. Disconnect from the power source before using.
2. Click the power button 5 times to turn on. (If you click it once, the Payout 2.0 will remind you to click 5 times to turn it on)
3. Screw in your 510-threaded cartridge, until the display indicates that the cartridge is successfully attached. If using a wider cartridge, *first* screw in the collar adapter, then insert the cartridge.
4. Click the power button twice to activate the pre-heat function (1.8V for 15 seconds).
5. Use the **PLUS**  $+$  or **MINUS**  $-$  buttons to set your preferred voltage, between 1.8 and 4.2V.
6. Hold down the power button to fire the vape, for up to 15 seconds at a time, and draw from the cartridge mouthpiece. After 15 seconds, the battery will stop firing. Repeat as desired.
7. After use, click the power button 5 times to turn off and extend the life of your battery. The Payout 2.0 will turn off automatically after 5 minutes of inactivity.

♣ **Puff Counter:** The puff counter will go up every time you fire the vape, (even if you take multiple puffs). Using the pre-heat function does not activate the puff counter. To reset the puff counter, hold down the **PLUS** and **MINUS** buttons simultaneously.

♣ **Battery Level Indicator:** While charging, the OLED screen will display the battery level. If charging while off, the battery square will flash to show the current level and the screen will automatically shut off after 5 seconds. To check the battery level, simply press the power button.

♣ **Lanyard:** Attach the included lanyard using the lanyard hole, and take your Payout 2.0 almost anywhere!

### IMPORTANT SAFETY WARNINGS

- ⚠ Do not expose to extreme temperatures or direct sunlight.
- ⚠ Do not drop the device or accessories.
- ⚠ Do not drop or submerge in any liquid.
- ⚠ Do not modify the electronics in any way.

This device is intended for adults only. Do not sell or provide to minors. Keep all parts, concentrates, herbs, and liquids away from children and pets. This is not a medical device and is not intended to diagnose, treat, mitigate, cure, or prevent any ailment, disease, or other conditions. Consult a physician before use, especially if you suffer from heart disease or any other medical condition, or if you are pregnant or breastfeeding. Failure to follow any of these instructions could result in product damage, property damage, or personal injury, and may void warranty.
