and manufactured to
the highest standards.

ICEMAKERS

The Halcyon Range.

Designed and built to give you the very best value for money.

When you're looking for the best performance on ice, Halcyon is the star act.

Performance and speed. One of those perfect combinations, like the finest malt whisky with just the right amount of slow-melting ice cubes.

The new Halcyon range of Icemakers from Maidaid Halcyon has all the features you would expect from a premier range of

icemakers - except the premier price tag.

And with a range that has storage capacities from 8kg to 65kg, together with a production capacity of up to 130kg every 24 hours, there is the perfect model for the smallest bar and the largest busy hotel or pub.

Quality Control

Quality of product and after-sales service is based on the operation of systems to the internationally recognised quality standard BS EN ISO 9002. However, above all else, quality of service results from the abilities, motivation and team work of people within the company.
