

MODULAR BLACK GLASS

PORTABLE AND MODULAR SYSTEM

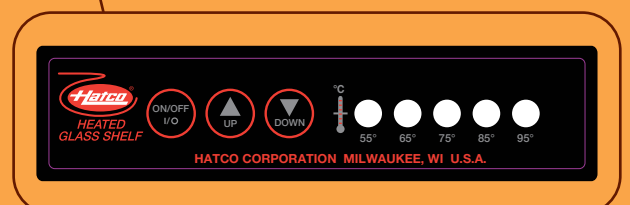

The Hatco Heated Black Glass Shelves have a black tempered glass top surface to create uniform heat across the entire surface. The new design uses a modular system, whereby few units can be placed side-by-side, with each unit's glass surface the size of a 1/1 GN food pan.

Adjustable thermostatic controls help hold your food hot and delicious at a surface temperature ranging from 55°C to 95°C.

It's portable and modular system design allows great flexibility in the buffet area.

- Electronic temperature control with five settings for 55°C, 65°C, 75°C, 85°C and 95°C
- Portable and modular system design for great flexibility
- All units come with a 1830 mm cord with Schuko, British or Australian plug
- Simple design for easy cleaning and maintenance
- Durable stainless steel housing
