

Waffle Iron

---

## GED75

The GED75 Waffle Iron is specifically for circular waffles as an attractive alternative to the traditional rectangle. The cast iron plate features 4 grids each a quarter of a circle 180mm dia, 25mm thick, made up of 10mm squares. The GED75 will produce up to 8 great tasting waffles in just 2'30minutes. The elements are seated beneath both cooking plates giving rapid and even heat across the whole cooking area. The GED75 has a 4 sided drip tray making it suitable for use with fresh or frozen waffle dough and fresh batter mix. Each side is independently controlled giving flexible operation throughout the day

Features: power on neon, surround drip tray, cast iron cooking plates, 300'c thermostat
