

# Dispense Medipaw Basic Boots for optimal leg bandage protection

## THE MEDIPAW® PROTECTIVE BOOT

- Facilitates compliance
- Results in fewer rewraps
- Saves resources
- Reduces complications from wet bandages
- Waterproof/ breathable nylon shell
- Light, flexible, and durable rubber sole

The waterproof and breathable Medipaw® protective boot safeguards bandages, casts, and splints. Dispensed when sending patients home with their owners, the Medipaw® protective boot is an integral part of veterinary discharge protocols.

# Dispense Medipaw X Boots

for extended pet injuries requiring a heavier splint or a thicker bandage

## THE MEDIPAW® PROTECTIVE X BOOT

- Facilitates compliance
- Results in fewer rewraps
- Saves resources
- Reduces complications from wet bandages
- Waterproof/ breathable nylon shell
- Soft, flexible, and strong cup sole

**For extended pet injuries requiring a heavier splint or thicker bandage for more than a few weeks we recommend ordering the Medipaw® X Boot.**

Our X Boot includes a durable molded rubber bottom designed to accommodate thicker dressings or wider splints – or patients with difficult gaits on difficult terrain, for longer periods of time.
